

PUREBLOOD LUSITANO

The Lusitano Horse is an ambassador from Portugal, the most beautiful horse in the world. The story says that for many decades it has been a key element in the agricultural activities, because it is a large and resistant animal. His recognition is due to the Greeks and Romans who have always honored this breed as the best ever.

It is a very docile, noble and sufferer horse with a high level of intelligence. Natural tendency for concentration, with great predisposition for high school exercises and great courage and enthusiasm in the exercises of Gineta (combat, hunting, bullfighting, cattle management, etc.).
